Southern's Wellness Summit: June 10-11

By Ingrid Hernandez

Huckabee, who ran for president in the 2008 election, will put politics aside and focus on the story of how he lost 110 pounds and completed four marathons after being diagnosed with type II diabetes.

The summit, held on the campus of Southern, will feature presentations, stimulating activities, practical workshops, and opportunities to network with academic, church, healthcare, and corporate wellness leaders. The program includes a range of speakers who are experts in the topics of nutrition, mental health, purposeful living, workplace wellness, and more.

Join Southern's NetCommunity!

By Geovanny Ragsdale

We are excited to invite you to the new Southern NetCommunity portal. In the coming month you will receive a personal invitation to join other alumni and friends of Southern on our very own NetCommunity. What are the benefits of joining?

As alumni, you will have access to the new and improved alumni directory. You will have the power to search for friends and alumni living in your area. You can customize your profile to share more about yourself with others or just leave it with the basic information we make available.

Through Southern NetCommunity you will have access to your giving history and be able to easily make secure gifts online to the areas you love most here at *your* Southern.

You'll have the power to opt-in to the various e-communications offered by departments and the university.

Best of all, you can register for upcoming events you are interested in attending including Alumni Homecoming, alumni chapter meetings, special concerts performances, and much more.

We hope this new tool will help you stay better connected with Southern as well as friends and alumni you've lost track of over the years. To register now, you can [click here](#)
